

"THE CORE ENERGETICS EVOLUTIONARY PROCESS"

workshop

by Ivan Sebastiani

This workshop would be both experiential and theoretical also, and would be nice to have at least one volunteer for a deep process work. I will try to show you my personal vision of C.E. and his paradox.

Which are the steps of the Core Evolutionary Process? What does it mean activate the Higher self in order to work with the Lower self? What does it mean transform the Lower self? How can we see our and our clients Evolutionary Process in a Non-Duality dimension?
