*'He Ain't Heavy, He's My Brother' (Russel/Scott)*  
*lecture*

by **Achiel van Tienen, Jan-Willem de Goeij**

In this presentation we will give you an update on what we found out about men and our ideas around that. From a Core-energetic perspective.

Why we think that brotherhood is an important key to create more safety in intimate relationships, families, communities and on a global level!

We hope to meet men and women in our audience.

Since 14 years Jan-Willem and Achiel organize Core-energetic all men workshops.

Twice a year 14-18 men come together for 2½ days to share and experience their male strength and vulnerability.
